Hello,

Everything is impermanent. The AHET (Association des Hautes Etudes en Tibétologie, association Law 1901 created in 1986) which managed the retreat centers, does not escape this law of impermanence: we have decided to dissolve the association. It will close on May 31. The retreat centers will now be managed by the KTL Congregation (Karma Tarchine Lundroup recognized by decree on June 26, 1992).

I have been a resident of Dhagpo Kundreul Ling Monastery for almost 30 years (since 1994 exactly). Until now, as a drupeun (retreat guide appointed by Gendun Rinpoche in 1994), the AHET took care of my contribution to the costs as a resident of the monastery. To cover accommodation, food, running costs and general expenses, each resident of Dhagpo Kundreul Ling, costs 500€ per month.

If you or someone you know would like to help financially by becoming my benefactor, it is possible to make a transfer, even if it is only a small amount.

N.B. : Checks are no longer accepted and it is no longer possible to receive a tax receipt to obtain a tax deduction.

The transfer can be made to my account:
